

Mitcham Park

We are 6 people living in a quiet residential area close to public transport links in Mitcham.

We are all very unique individuals with different interests and needs. Some of us are very able, some of us need more support. Most of us require support with personal care and help in keeping our house clean and tidy.

We all love going out to the cinema, bowling, attend parties, have pub lunch, playing and listening to music, meeting friends and family. Some of us like knitting, IT, watching TV, having a cup of tea, animals, doing puzzles, arts and crafts, going for a walk.

We love the company of people who can help us achieve goals that are important to us.

If you are flexible, proactive and want to make a difference, please come and meet us.
