

I LOVE SHOPPING ESPECIALLY
PRIMARK

WE ALL LOVE GOING TO THE PUB FOR DRINKS
AND EATS

Hayes, Middx

We are six people who would love to welcome you into our home to support us to live our lives the way we want to.

We live in two lovely adjoining houses with a huge communal garden in an area close to shops, pubs, cinemas, and local theatre with good public transport links.

We all have a learning disability and have different support needs and requirements. Two of us need help to mobilise and use wheelchairs and hoists

We all need help with personal care and keeping our home clean and tidy

Some of us attend local colleges and may need support and encouragement with our learning.

There is a theatre close by and we like to go and see the shows they have on

We like walking and keeping fit, sometimes swimming or the gym.

We all love a party and often have BBQ's in the summer where we invite our families and friends

If you are flexible with a sense of fun, please come and check us out, we would love to meet you.
