

About us

We are nine individuals, living together in a lovely shared home in Sawston, Cambridgeshire and two domiciliary care contracts. We are all very different and have different needs.

We are looking for someone to support us with identified daily tasks and achieving our goals.

We need support to access the community and provide and plan person centred one to one and group activities.

We need support with health issues, appointments and with taking our medication. Some of us need support with personal care.

We need support with completing our household chores, and with meal planning and preparation.

We would like to have new experiences and you will be able to suggest ideas and support us with activities. Some of us need support to access more social life in the local community, and develop and maintain friendships and relationships with our families

Would you like to
make a difference
in people lives?

Come and work
with us!

What we from our support workers

A positive attitude

Someone that has a can do attitude and are able to use their initiative. Be flexible in your approach and be prepared to turn your hand to a variety of tasks.

Flexibility

Someone who understands that there may be early starts- 7am or late finishes- 10pm and understands there will be some weekend work.

Friendly with a sense of humour

We want you to take your role seriously, but you are working in our home and we want you to be fun!

Patient and supportive

We want to do as many things for ourselves as possible. We need someone with the time to show us how to do it and support us if we make mistakes.

Reliable

We need someone who is not going to let us down. We like consistency and missing out on our activities may mean we are unable to reach our full potential.

A recorder

We need someone who is able to complete required paperwork in line with policy and procedure. Then we have evidence of our fantastic work and accomplishments.
