

# Come and be a Support Worker at Retford Road!!

## A LITTLE ABOUT US!

You would be supporting 2 young ladies living in a Supported Living house.

The young ladies have varying support needs, both have behaviour that may be seen as challenging; and they need extra support with personal care.

You will need to support with their medication, finances and daily living tasks although the young ladies like to do what they can for themselves and need your support to continue building upon these skills.

Support is needed to access the community regularly as they have a busy schedule and enjoy getting out and about.

Activities the young ladies enjoy are-

- Drives out in their cars
- Swimming
- Shopping
- Attending social clubs
- Meals Out
- Music , using computer and watching films

The ladies have cars that they use to access these activities so it would be wonderful if you could drive, but don't worry if you don't, most of their support staff drive.

## WHAT WE LOOK FOR IN OUR STAFF

Patience and Understanding – Sometime the ladies may need a little longer or do things a little differently, they need staff to take time to understand how to support them.

Be positive – We have a friendly and great staff team; you will need to be upbeat and positive around the team and the ladies.

Someone who will involve the young ladies in the decisions they need to make daily.

Outgoing- Someone who is happy to support the ladies to do all the activities they currently enjoy and who will encourage and support them to try new activities.

Flexibility- The ladies need support all day, in the evening and through the night. staff work various shifts to support the ladies when they need them.
