

We are a supported living service, home to 2 men and 1 woman with spaces for 2 more residents. We are minutes from the station so London is our oyster.

We all require some level of support with Personal Care, Medication and everyday household tasks.

Being profoundly hearing impaired, I sometimes have difficulty expressing my wants and needs.

We love activities like doing puzzles, going out for cake and coffee, gardening, trains, planes and so much more!

We love to chat and laugh

We want someone:

- Fun
- Responsible
- Cheery
- Engaging
- Caring
- Trustworthy
- Safe

Sometimes I have trouble communicating my needs

Sometimes I am reluctant to get going but I enjoy myself once I'm out
